SEAWAY SURGE BASEBALL ANNOUNCES INTENT TO RUN LOCAL HOUSE LEAGUE IN 2021

With the decision by Kemptville and Upper Canada Little Leagues to cease providing baseball programs at any age level, The Seaway Surge Baseball Club is pleased to announce our intent on coordinating house league baseball in North Grenville, North Dundas, and South Dundas for the spring/summer 2021 season.

Since 2015 the Seaway Surge have been providing competitive baseball for players ages 8 to 22 in eastern Ontario. The Surge is committed to ensuring local, affordable, recreational house league baseball continues to be organized and available to children of all ages in our communities.

The Seaway Surge Baseball Club is looking to organize house league operations under Baseball Ontario for age groups 7U, 9U, 11U, 13U, 15U, and 18U for the upcoming 2021 season.

It is our intention to provide a safe, fun, and developmental environment where players can practice and play home games at their local diamonds from May to August.

In order to ensure players in these communities can enjoy house league baseball in 2021, we are seeking interested coaches and volunteers to come forward and make this inaugural season a memorable one. We can't make this season happen without you!

No baseball experience? No problem. We require several dedicated individuals interested in working as a team to organize and administer the upcoming season.

Interested parents, and players, are asked to express their interest online by following the link:
